

# CMMC and DFARS Compliance

- Have you **been tasked** by the Department of Defense with proving that **you are compliant with CMMC or DFARS** cyber security controls?
- Do you want to make sure that **your ongoing revenue** from the DoD **is not interrupted?**

## If yes, help is available!

At Aberfoyle Associates, we offer the following CMMC and DFARS compliance services:

- Review of existing security controls
- Customization of project plan for specific compliance desired
- Creation of System Security Plan (SSP) for all controls required for desired compliance level
- If DFARS, creation of Plan of Action and Milestones (POA&M)
- Management of SSP and POA&M inputs
- Executive review of POA&M remediations
- Score assessment
- Score submission into SPRS
- Scheduling of C3PAO assessment
