**The NIST Gap Assessment Tool will cost-effectively assess your organization against the NIST SP 800-171 standard. It will help you to:**

- Understand the NIST SP 800-171 requirements for storing, processing, and transmitting CUI (Controlled Unclassified Information)
- Quickly identify your NIST SP 800-171 compliance gaps
- Plan and prioritize your NIST SP 800-171 project to ensure data handling meets U.S. DoD (Department of Defense) requirements
